

Aquarium Snapchat Photojournal Assignment

In order to make sure you get the most out of your aquarium experience, and explore all that it has to offer, each of you will be completing a Snapchat Photojournal Assignment. First add the user name: **msdmartel**

As you explore the aquarium during your free time in the afternoon, be sure to send a picture of as many of the following organisms as possible. You are also required to have your face in the picture and time stamped.

- Phylum Sporangia: 1 organism
- Phylum Cnidarian: 2 different species
- Phylum Molluska: 2 different species
- Phylum Arthropoda: 2 different species
- Phylum Echinodermata: 1 organism
- 1 Cartilage Fish
- 1 Bony Fish
- 1 Amphibian
- 1 Reptile
- 1 Avian
- 1 Mammal

BONUS if you can get a picture of the elusive sloth located in the amazon rainforest area of the aquarium.
